2. TORLYS Leather Floors help you create a healthier home as they contain no harmful VOC emissions, no added formaldehyde and exceed California Indoor Air Quality standards, among the most stringent in the world.

Can I put TORLYS Leather anywhere in my house?

TORLYS Leather is an engineered product, well-suited for installation below grade, over concrete and even over existing floors. Depending on the application, different underlays may be required. Ask your local TORLYS dealer for more information on different applications and what you may require.

All you need is a saw, hammer, installation kit, tape measure, pencil and some time to install your floor. There are also professional installers. Ask your local TORLYS dealer for more details on installation.

Can I easily repair my TORLYS Leather floor?
